ARTFIELDS, the flagship event of the ArtFields Collective, transforms Lake City into a town-wide, nontraditional art gallery with hundreds of artworks installed around town. This year, competition artwork is on display in 46 venues split into the five districts marked above. Start your journey anywhere and visit each venue in the district as you move through town. Be sure to register to vote on our People's Choice Awards and help us determine two artists who will win \$12,500 each! South Carolina student artists are also on display through our ArtFields Jr. program in venues marked with the blue JR. Enjoy exploring hundreds of artworks that will make you laugh, cry, smile, think, and ultimately, be inspired by the power of art.
